A conference between the three offices will May 1. The building is attracting be held tomorrow or Tuesday.

"I am going to break up the practice by which people of wealth and in- that the renting is going on satisfacfluence and those with political stand- torily. Physicians and surgeons have ing escape taxation," said Mr. Hoyne, in outlining his warlike plans. "It will add \$40,000,000 to the treasury annually and you will see the tax rate

diminish." Two assistant state's attorneys Henry Berger and Hayden Bell, have already been assigned to carry on the campaign. It is Mr. Hoyne's purpose to create an examining board, representative of the three offices concerned, to sit in judgment on all tax matters.

Here are the plans for reforming the personal property taxation:

Prosecute all property owners who fail to file a schedule of personal property. Penalty, fine of from \$10 to \$250. Prosecute all who swear to false figures in scheduling personal property. Charge, perjury; penalty, \$5,000 fine or one year's imprisonment.

Invade banks and search records o corporations and business houses for evidence of personal property which is rarely ever scheduled to the board of assessors.

Force collection of all taxes by wholesale levying and institution of suits against delinquents.

"Such a campaign will result in a hurried amendment of the revenue laws," was suggested to Mr. Hoyne.

"If the laws are not good ones they should be amended, and if it is enforcement that is needed to awaker the people, why, it is enforcement that they are going to get," he replied. That Mr. Hoyne's co-operation will

be welcomed by the board of assessors was shown in a recent communication to the county board in which the secretary, Frank W. Koraleski, made request for a representative of the state's attorney's office.

"We need the assistance of the legal department in getting out a just assessment of property," said Mr. Koraleski at that time.

The states attorney might look into the personal taxes of Wallace G. Clark, as he calls himself; his firm, and his "string." If the recent anncuncement about tax matters is not a bluff, this is a good place to begin. The public is very much interested in high finance, and low taxes and the relations existing between them.

Clark & Trainer, taxed \$26.60 on personal property, have had a great deal to say about their fine new Michigan Avenue Boulevard Building, at Michigan avenue and Washington

The Mattoon Commercial-Star, ed ited by Representative E. F. Poorman published on the first page of its issue Sunday morning, May 3, a complete retraction of its charges against Roger C. Sullivan. The original article charged that Mr. Sullivan had been a party to political corruption and that he had aided in the election of William Lorimer to the United States Senate. The editorial retracting these charges is as follows:

During the month of January, 1914, this newspaper published a number of articles derogatory to the political life and political associations to Roger C. Sullivan, who is a candidate for United States Senator, and, among other things, we charged that he had been intimately associated with, and a party to the election of Mr. Lorimer, and in this connection the Mattoon Commercial-Star referred to Mr. Sullivan as a party to political corruption, misfits, etc.

Following the publication of these articles, Mr. Sullivan sued this news paper for libel. We immediately caused a thorough investigation to be made of the various charges which we had heretofore published against Mr Sullivan's political career, and we frankly admit that there is no basis in fact for the charges thus made. From information which we then had and which we have since ascertained to be inaccurate, we drew the conclusion that Mr. Sullivan had materially aided Mr. Lorimer's election to the

United States Senate. It has always been the policy of this newspaper to endeavor to do full justice to those against whom it was politically opposed, as well as to those whom it politically favored. Having ascertained that we had made a mistake in the charges which we preferred against Mr. Sullivan, we frankly placed the matter before him, and he, with equal frankness, stated that he was not desirous of having anything from this publication except an announcement of the true facts as we have ascertained them after a full investigation, and that, if such announcement was made by us to our readers, that would end the litigation now pending between us. Even without such concession on Mr. Sullivan's part, this paper would deem it its duty to announce to its readers with the same degree of publicity that it had made the charges, that such charges were unfounded: that Mr. Sullivan had no connection with the election of Mr. Lorimer, and, so far as we have been able to ascertain. Mr. Sullivan's political life and his Thomas J. Webb, will be in charge of the headquarters. The Sullivan organization work in the county is already far advanced and in some wards both the regular and other organizations are for Mr. Sullivan.

Wallace G. Clark, as he calls himself, is a Monte Christo or a Colonel Mulberry Sellers.

He is a sanitary trustee who has been drawing a big salary from the public for over nine years.

From the fact that they have seen Mr. Clark's name mentioned in connection with great financial transactions like the financing and building of the Michigan Boulevard Building. and from the big real estate operations of his firm, Mr. Wallace G. Clark, as he calls himself, has been looked upon by some people who respect men of financial genius with admiration. The acquittal of Assistant States | And the way that Wallace G. Here is some red-hot information about the Wallace G. Clark crowd. from the pen of an official of the Board of Assessors, on last year's as-

sessment figures: "Wallace G. Clark of room 940, 38 South Dearborn street, did not file a

"Arthur R. Clark, of 4330 Ellis avenue, did not file. We estimated him at \$5,250. Was cut by the Board of Review to \$400."

One would think, after receiving \$27,500 from the people for his alleged services as a trustee of the Sanitary District, that Wallace G. Clark would pay more of a personal tax

than he does. In view of the fact that Trustee Clark makes a weekly howl in the Sanitary Board about the "poor taxpayers," for the amusement of some nice old ladies in the galleries, the amount of personal property that he pays taxes on is astonishing from its To the Continental & Commercial small proportions.

More than that, the assessment against the firm of Clark & Trainer, of which Wallace G. Clark is a member, is so small in view of the alleged big financial standing of the firm of Clark & Trainer as to be ridiculous. Clark & Trainer are estimated to payable July 2, 1919, subject to the possess between \$250,000 and \$500,000 by the commercial report which we have in front of us.
